

Orlin Stanoytchev, professional tennis player and many times National Champion of Bulgaria. My best achievement in ATP was 99th place in 1999. I am member of the Davis Cup Team for Bulgaria participated in the First Bundes League in Germany and I am rated the best player from Bulgaria of all time.

I have known Mr. Valentin Grozdev since 1994, from 1995 he was my personal physical trainer. He is a top rate specialist in athletics and fitness with extensive knowledge, sport massage and rehabilitation. He is an excellent motivator and guide for all his students. While he was coaching me my physical qualities like speed, strength, stamina and flexibility improved tremendously. During our work together he proved himself to be thoroughly professional and showed many good human qualities.

As a professional tennis player I can vouch for Mr. Valentin Grozdev's high qualities, as a coach with lots of experience, high moral standards and integrity.
